

Water Garden News Industry Directory and Buying Guide 2011/2012

The Water Garden News Industry Directory and Buying Guide is a bi-annual trade directory that lists the names, addresses and contact information for more than 1,000 companies that provide products and services to the pond and water garden industry. Sections include retailer products and professional landscaper/pond builder products.

This comprehensive directory includes listings of products and services, brand names, manufacturers, distributors, publishers and professional trade associations. The directory also includes contact information and lists of regulations for governmental agencies including state agencies and contractor license boards.

Plus: A calendar of pond and water garden industry-related events
A koi gallery and list of koi-friendly veterinarians
A detailed compilation of international and national koi, pond and water garden clubs
A specific list of federally regulated noxious aquatic weeds
